Please provide the following information - attach separate pages if necessary:

Description of the proposed use (or site modification)

Move existing Pointe West Management office to the corner "bank" space. Pointe West Management has currently outgrown our existing space and is looking to also expand into a broader real estate market, to include real estate sales. The office design will be similar to the current Pointe West Management office.

Please demonstrate how the proposed use, when complemented with additional measures, if any, will be in harmony with the purposes of the specific district in which it will be placed.

This corner location has been vacant for several years. We have marketed for retail space, but prospects feel the space has limitations with restaurant ventilation, parking + accessibility. The space would improve the corner of Main + Washington by building out the space with a similar design as the current Pointe West Management office which includes welcoming decor + art (local) display.

Please demonstrate how there will be no undue adverse impacts on the surrounding neighborhood in terms of public health, safety, or general welfare, and show the mitigation of impacts to achieve the goals.

We do not expect any negative impact on the surrounding areas. Pointe West maintains normal office hours and no increase in traffic/foot traffic is expected to impact this location.

Any modifications or exceptions to Use and Design Standards or Development Standards must also be requested at the time of CUP evaluation. Identify and provide a justification for modification/exception

If the application is an amendment to an existing approved S/CUP, provide an identification of any proposed changes requested below and on a plan, and a strike-through and italic edit of any conditions proposed to be changed
